

# GREECE'S CABINET LIES DOWN

## CHAMBER IS SCENE OF WILD DISORDER OVER ANNOUNCEMENT

### KING CONSTANTINE ACCEPTS RESIGNATION OF HIS CABINET

King and Cabinet Unable to Agree as to the Next Step in Balkan Crisis.

**KING'S ADVISORS THEN QUIT**  
Action of the Cabinet Comes as a Great Surprise to the Chamber of Deputies.

**LONDON, Oct. 6.**—King Constantine of Greece, has accepted the resignation of the Venizelos cabinet, according to an official despatch received here today.

**ATHENS, Oct. 6.**—The resignation of Premier Venizelos was all together unexpected. He conversed with the correspondent of the Associated Press at noon today in a manner which indicated the utmost confidence in the future course of his government.

Meanwhile King Constantine came to Athens from Tatoi, the summer residence of the royal family, and summoned the premier to the palace. After a terse interview in which there was the plainest speaking the premier proceeded to the chamber of deputies and announced that he had again disagreed with the king on the foreign policy of the country and had presented his resignation and that of his cabinet.

The announcement led to a scene of wild disorder in the chamber. The city is greatly excited. There is much discussion of the formation of a coalition cabinet.

**COALITION CABINET IS LIKELY TO BE FORMED**

**LONDON, Oct. 6.**—A despatch to the Pall Mall Gazette from Athens says that Premier Venizelos in an interview declared the resignation of the cabinet was made inevitable because of the impossibility of reconciling the premier's interpretation of Greece's treaty obligations towards Serbia with the opinion of King Constantine on the subject.

The formation of a coalition cabinet is considered probable, the despatch adds.

**CRUISER SUNK**

**While Anchored off the Turkish Island of Rhodes by a German Submarine.**  
**NEW YORK, Oct. 6.**—Private advices received here today from Athens say that a French auxiliary cruiser was torpedoed and sunk September 9, while anchored off the Turkish island of Rhodes by a submarine of the central powers.

Rhodes is the most eastern island of the Aegean sea. It lies close to the mainland of Asia Minor and since the Turco-Italian war has been occupied by large forces of Italian troops.

**MODERN DANCES RATHER VICIOUS SAYS McCUAIG**

**In Fact They are all Wrong Declares the Great Social Purity Campaigner.**

In Dr. McCuaig the people of Clarksburg are unquestionably coming into touch with one of the great spirits of the age—a genius of whom children's children will talk. For an hour and a half last night, in the First Baptist church, men and women laughed and sobbed simultaneously under his magic spell, as he discussed home life and its relations to crime.

At 8:30 o'clock tonight in the same church, Dr. McCuaig will deliver that which has been styled the crowning achievement of his pulpit, "The Voice of God." In the city of Wheeling this address was delivered three times by special request, and each time to great audiences.

Dr. McCuaig delivered the third lecture of his series to women in the First Baptist church this afternoon. The subject was "The Care of the Girl."

**Mother Instinct.**  
"One of the most important potentialities in the heart of every little girl," declared Dr. McCuaig, "is the mother instinct. Even the little girl that has just learned to walk will tenderly nurse a rag doll. One of the saddest things in human experience is this, that the little girl who every Christmas covets a new doll, comes to the piteousness of womanhood, and standing at the threshold of motherhood, holds back frightened and often antagonistic in the presence of God's greatest gift of a living child which he would put in her arms. The mother instinct within her, which was so strong in childhood, has been crushed and broken."

A strong plea was made for the proper physical development of the girl for the great functions of a woman's life. "At the age of three or four years the girl should not be treated as a miniature lady, but should be allowed to run and play, that she may develop poise and grace."

### PRIVATE

**Wilson is to Vote for Woman Suffrage But President Wilson Will not Vote for It.**

**WASHINGTON, Oct. 6.**—President Wilson will vote for the woman suffrage state constitutional amendment in New Jersey, his home state, at the special election October 19. He said today he would vote not as the leader of the Democratic party but as a private citizen.

Mr. Wilson said he believed the question should not be made a party issue and should be decided by the states, not the national government. In his statement he said:

"My position with regard to the way in which this great question should be handled is well known. I believe that it should be settled by the states and not by the national government, and that in no circumstances should it be made a party question, and my view has grown stronger at every turn of the agitation."

**PRESIDENT SHAW IS PLEASED WITH WILSON**

**NEW YORK, Oct. 6.**—Dr. Anna Howard Shaw, president of the National American Woman's Suffrage Association, in a statement issued here today expressed gratification at the news that President Wilson would vote for the suffrage amendment in New Jersey and predicted that "nothing can stop us from carrying New Jersey now."

### MINE MEN

**Are Being Examined at Grafton with More Than 100 Taking the Same.**

Examinations for mine foreman and fire boss are being held at Grafton. The leading mining officials in this part of the state are present and are assisting in conducting the examinations. The arrangements had been made in advance by Inspector L. D. Vaughn.

Not more than 100 at the most had been expected to take the examinations here and arrangements had been made to accommodate only that number. However there were 111 enrolled before the work started. This is a fine showing and was highly gratifying to the men in charge. It is believed the examination will be the most successful one that the state department of mines has ever held in that city.

### SLIGHTLY BETTER.

The condition of Beeson H. Brown is slightly improved. He is able to take some nourishment. Mr. Brown received a second stroke of paralysis Thursday night.

### AMERICAN LEAGUE CHAMPS NOT GOING INTO BIG SERIES WITH TOO MUCH CONFIDENCE

Boston American league team. Left to right, top row: Collins, Wood, Gainer, Shaw, Gregg, Ruth, Mays, Hobbitzel, Barry. Centre row: Leonard, Hendricksen, Gardner, Carrigan, Cady, Janvrin, Thomas, D. Green (trainer). Lower row: Lewis, Wagner, Speaker, Hooper, Foster, Scott.

Outside of the pitchers, there is no doubt in the minds of the majority of baseball men of all kinds that the Red Sox are superior in individual ability everywhere except at shortfield and possibly first base. This includes the receiving end of the battery, says I. E. Sandborn, the well known Chicago baseball writer.

Even Pat Moran would have to confess that he would swap his outfield for Carrigan's, even up, if he had the chance. He might not admit that "for publication" at this particular time, but it would be questioning his ability as a manager to suspect him of refusing such a trade on the level.

**Boston Outfield Leads.**  
Speaker, Lewis and Hooper are superior in every way to any combination that can be made out of Cravath, Whitted, Paskert and Becker. The Boston combination excels the Quaker outfielders in batting without taking into consideration and difference that may exist between the pitching in the two major leagues, taken as a whole.

All three of Carrigan's gardeners are fast on their feet, covering all the ground that can be expected of them; sure of hand and eye, and able to wing the ball back with speed and accuracy. Whitted and Paskert of the Phillies are speedy, but Cravath and Becker will not cover as much territory as their respective rivals on the Boston outfit, and not one of the Philly outfielders has anything on his opponent in throwing.

Bancroft at short is one of the sea-marvels, and is given precedence in ability over either Scott or Janvrin of Boston. He has everything except experience and stability under fire, and neither of the

### EXCHANGES CONTINUE.

**PARIS, Oct. 6.**—In the Artols district the artillery exchanges continued with particular violence in the vicinity of the forest of Givenschy, according to the French official statement given out today.

### ROUMANIA NOW RUSHING TROOPS TO THE FRONTIER

Bulgaria is Certain to Align Itself with Germany and the Latter's Allies in War.

**HOSTILITIES ABOUT DUE**  
Russia's Ultimatum is not Answered in Any Form by Bulgarian King.

**LONDON, Oct. 6.**—Reuter's Athens correspondent states that Rumania is hurriedly despatching troops to the Bulgarian frontier and otherwise taking extraordinary military measures.

**PETROGRAD, Oct. 6.**—Bulgaria has rejected the Russian demand and has sent an ultimatum to Serbia concerning Macedonia, according to information which has reached the Serbian Archimandrite Michael, says a Moscow telegram to the Bourse Gazette. Bulgaria demands that Serbia reply to the ultimatum within twenty-four hours.

**LONDON, Oct. 6.**—Word has been received from Athens that King Constantine has accepted the resignation of the Venizelos cabinet which was unable to agree with the king concerning the country's next step in the fast approaching Balkan crisis. The retirement of the premier and his associates came unheralded after the chamber of deputies had registered a vote of confidence in the ministry.

Official telegrams from Athens to the Greek legation here today said Premier Venizelos relinquished his office at 9:30 o'clock last night. No reasons were given, though the former clash of opinion between the king and the premier, resulting in the latter's temporary retirement from office, left little doubt that the present instance involves the new familiar issue raised by M. Venizelos's insistence that Greece strike quickly in behalf of Serbia and the Entente powers.

It now seems certain that Bulgaria will align itself with Germany, Austria and Turkey. The matter doubtless will be brought to a head by the landing of allied troops in Saloniki. This procedure is regarded here as in effect placing Greece definitely within the Entente powers as it is considered as having virtually acquiesced in this course move against Bulgaria. Although the time allotted for the Bulgarian reply to Russia's ultimatum expired yesterday afternoon, King Ferdinand so far as has been made known has not seen fit to make answer in any form. It is assumed that hostilities in this new field cannot be averted.

If Bulgaria joins the Teutonic allies it will enter the war under conditions less favorable than a few years ago. The Russians with reinforcements and a slowly increasing amount of artillery seem to be striking harder blows daily and the official German communications no longer register measurable advances.

The situation in the West has reached a stage of renewal of preparations following the recent allied offensive and the Germans are still struggling to regain the ground lost. Intense artillery action is again predominant on the French front indicating that the positions won have been consolidated and that preparations for another attack are underway.

The grand duchy of Luxembourg, according to Amsterdam advices, has protested to the Entente powers against air raids over that country aimed at the German headquarters.

**PERSIANS IMPRESSED WITH ALLIED VICTORIES**  
**TIFLIS, Trans-Caucasia, Oct. 6.**—Telegrams received here today from Tiflis state that the co-operation of the British and Russians in Persia and the British successes on the Tigris have made a strong impression on the Persians.

The Turkish and German leaders are showing concern. The German minister at Tiflis and several German consuls have appealed to the American minister there for protection in case of need.

The Rumanians are feverishly fortifying Giurgovo on the Danube, forty miles south of Bucharest across the river from Bulgaria, according to advices reaching Athens. Rumanian officers of Bulgarian origin are being transferred to interior posts. Young reserve officers have been called up and reserves who were to have been disbanded are being kept with the colors.

The Lokal Anstatter publishes a despatch from Constantinople saying that the British consul and the consular guards at Ispahan have been killed by Persians.

A despatch from Tiflis forwarded from London on Sept. 24, said anarchy prevailed in Persia, that the military forces of the government were being kept with the colors.

### BEAUTIFUL \$125 DIAMOND RING INDUCEMENT TO DO BEST WORK

**PICTURES TO BE PRINTED**  
**If You Have Ever Longed for a Diamond This is Your Opportunity.**

After the passing of today there only remain nine days to win the \$125 solitaire diamond ring, offered to the parents of a baby in the Clarksburg Telegram's shower of gold for babies, which is now on display at the F. A. Robinson and Sons jewelry store on Main street. It is certainly a thing of beauty and is worth the ardent effort of all parents. This is the best opportunity of the campaign for no other special prize will be given and next period the bonus votes will be decreased 10,000 votes on clubs of \$15 in subscriptions so now is the time to strike a decided blow with sledge hammer force.

Enlist the help of every friend that you can in your window campaign for this special prize and the high bonus votes. Now is the time to "kill two birds with the same stone," so to speak, for while you are winning a gold prize for your baby you are also working for the \$125 diamond ring.

Do not make the mistake of thinking that the second special prize will be won on a less volume of business than the first. If you go on this assumption you will sure lose.

The prize is yours if you will only devote every minute you can spare to the work of securing subscriptions for the remainder of the second period. Will you take advantage of this magnificent opportunity? Then start at once, get your friends to assist you and gather in the largest number of subscriptions within your power, a number greater than can be secured by any rival.

In a few days the pictures of the babies that had their pictures taken early will be printed in the Clarksburg Telegram. This will make a nice picture gallery. If you have not had your baby's picture taken yet you should do so at once and have it printed at the earliest possible time. You can secure an order from the shower of gold manager to have its picture taken free at the Ideal Studio.

The winner of the first special prize seems to puzzle and perplex many contestants and the public as well, some will guess one contestant won it, and then another, but all is conjecture. No one knows but the manager of the campaign and he will not tell. No use to say "if you tell me I will not tell a single person," for that is a secret, and if it is told one person it will cease to

### WILSON WANTS TO BE PREPARED FOR A DEFENSE

**Tells Members of Naval Board That Preparedness Should Not Be for War.**

**WASHINGTON, Oct. 6.**—President Wilson outlined his attitude towards the national defense question today to the new advisory board of the navy. He believes, he said, that the whole nation was "convinced that we ought to be prepared, not for war but for defense and very adequately prepared."

The president received the members of the board headed by Thomas A. Edison after their preliminary conference with Secretary Daniels and navy officials. The board later went with Secretary Daniels to the naval proving ground at Indian Head, Md., on an inspection tour.

"There is very little that I can say to you," President Wilson said, "except to give you a very cordial welcome and to express my very great pleasure in this association of laymen with the government but I do want to say this—

"I think the whole nation is convinced that we ought to be prepared, not for war, but for defense and very adequately prepared; and that the preparation for defense is not merely a technical matter; it is not a matter which the army and navy alone can take care of, but a matter in which we must have the co-operation of the best brains and knowledge of the country outside the official service of the government, as well as inside. For my part I feel that it is only in the spirit of true democracy that we get together to lend such voluntary aid, the sort of aid that comes from interest, from a knowledge of the varied circumstances that are involved in handling a nation."

The referendum vote was to be taken in the Fremont county camps today. Reports still were lacking from one or two small camps in western Colorado.

**Enacted by an Owner of an Orchard When He Sees Children Gathering Apples.**

**PERU, Ind., Oct. 6.**—August Blon shot and killed Bert Sears, twelve miles east of here, today, and wounded Mrs. Sears and her three children because the children were gathering apples on a farm Sears had rented from Blon. Mrs. Sears and two of the children may die. Blon, driving by the orchard on the farm he had rented to Sears, saw the children, Harry, 15; Goldie, 14, and Dorothy, 7, gathering apples. He fired on them with a shotgun. Then he went to the Sears home, shot Sears through the body, killing him instantly, and shot Mrs. Sears.

It is thought that Harry is the only member of the family that will survive. Posses are searching for Blon.
